Subject: RE: Current Action Items list

Thank you Cassandra.

Tim, these action items summarize the 4 technical meetings. I am using this list as we review the recent Administrative Supplemental DEIS.

Subject: Current Action Items list

Stephanie – At our last meeting you asked me to send the most current version of the Action Items list. I've attached the most current version I have. I believe it includes all the comments you've made. I know we discussed a couple edits at our last meeting, but I haven't had the time to go in and make those changes. Let me know if you have any questions.

Thanks, Cassandra
